Eligible Projects/Activities for Funding

Grant funding provided by Second Amendment Legacy Foundation must meet all requirements and be used to further a charitable purpose as defined by the Internal Revenue Code under section 501(c)(3) and accompanying rules, regulations, and other IRS law and materials. Eligibility and funding amount are determined solely by the Foundation.

Grant requests must conform to, and foster the purposes in, The Second Amendment Legacy Foundation mission statement, such as:

- Promote, advance, and encourage firearms, the shooting sports, and hunting safety.
- Educate individuals, including the youth of the United States, with respect to firearms, firearms history, participation in the shooting sports, hunting safety, and marksmanship, as well as with respect to other subjects that are of importance to the well-being of the general public.
- Conduct research in furtherance of improved firearms safety and marksmanship facilities and techniques.
- Support activities of the Second Amendment Legacy Foundation, to the extent that such activities are in furtherance of charitable, educational, or scientific purposes within the meaning of section 501(c)(3) of the Internal Revenue Code which includes activities that are charitable, educational, or foster National or International sports competition.

Organizations that are not a governmental agency or are not recognized by the IRS as a 501(c)(3) entity:

- Must provide a public benefit equal to or in excess of the amount requested.
 - If you seek funding to conduct a program such as a Women on Target event or support of a youth league, and these programs are open to the public, the public benefit is clear.
 - Public benefit may also be shown by the nature of the qualified group benefiting from the project or activity, for example the Boy Scouts, a school, a local law enforcement agency, a veterans group, or other qualified groups may meet this requirement.
 - Projects or activities that further amateur sports competitions may meet the public benefit requirement.
 - Simply being open to the public, and charging the public for use, does not provide a public benefit.
